

# EquiBalance

.5 G / 2 L JUG  
1.5 G / 5 L JUG

**A Comprehensive and Palatable Dietary Supplementation Syrup for all Classes of Horses**

*Vitamins + Minerals Your Horse Will Thank You For.*

**+** **3**

**BIOAVAILABLE VITAMINS & MINERALS**

**ESSENTIAL LYSINE**

**BIOTIN FOR HOOF & HAIR SUPPORT**

If you have a picky eater or you are feeding groups of horses, powder and granule balancers may not be the first choice for you. EquiBalance is EnviroEquine's liquid vitamin-mineral supplement option for your program. It is a unique top dress liquid formula to ensure your horse is getting the very best bioavailable vitamins, minerals, and amino acids possible so that they can look, feel, and perform at their best.

## HEALTH BENEFITS

<b>Vitamin A</b>	For vision, immunity, and reproductive health.
<b>B Vitamins</b>	Supports metabolism.
<b>Vitamin E</b>	Essential to the glutathione pathway that protects cells from oxidative damage.
<b>Vitamin D3</b>	Vital to calcium absorption.
<b>Biotin</b>	Required for the production of keratin, the main protein that forms the hoof structure, along with mane and tail growth.
<b>Folic Acid</b>	To improve hemoglobin levels and maintain healthy red blood cells.
<b>Amino Acids: L-Lysine</b>	Essential amino acid that may be limiting in the horse's diet and is vital to growth and development. In the broodmare, Lysine is essential to proper fetal development and growth of foals while nursing.
<b>Methionine</b>	Extremely important to collagen bonds impacting joint, skin, hair, and hoof health.
<b>Key Microminerals</b>	Including copper, zinc and iodine, that might not be found in sufficient quantities in many feeds.

- + Liquid Dietary Supplement
- + Ideal for Horses in Full Training
- + Broodmare and Growing Foal Support
- + Appetite Enhancer
