

PERFECT PREP EQ™ TRAINING DAY CALMING POWDER

Creates daily focus & stabilizes attitude

DESCRIPTION

Perfect Prep EQ™ Training Day Powder is a daily horse calming supplement that **helps create focus and stabilizes attitude.**

New color, same great formula!

- Establishes a daily baseline of focus support for everyday training.
- Administer daily with morning and/or evening feed.
- Effects begin immediately and build gradually over 3 to 5 days.
- Works well alone or as part of the Perfect Prep EQ™ Calming System.

INSTRUCTIONS

Pre-Event Level: For maximum effect feed 2, one-ounce scoops morning and night, beginning 48 hours before the targeted activity. Some horses respond better with an additional 2 scoops 3 hours before your event. Adjust for effect.

Maintenance Level: Load by feeding 2, one-ounce scoops of Training Day formula twice daily for 2 days. Reduce to find optimum maintenance level. Each scoop delivers one ounce.

Tips for Best Results: Because every horse has unique challenges, we've created a system of calming formulas to help you bring the very best horse to your performance every time. Perfect Prep EQ™ Training Day alone or as part of the Perfect Prep EQ™ Calming System. We strongly encourage you to evaluate the effects Perfect Prep EQ™ before your event to find the best product or combination of products to suit your horse's needs.

For an even greater calming effect, use Perfect Prep EQ™ Training Day as a daily baseline in the Perfect Prep EQ™ Calming System.
